

Call for Participation

We invite you to join us in **International Conference on Embedded Systems and VLSI (EMVL 2023)**. This conference will provide an excellent International forum for sharing knowledge and results in theory, methodology and applications of Embedded Systems. The goal of this Conference is to bring together researchers and practitioners from academia and industry to focus on understanding Modern Embedded Systems concepts and establishing new collaborations in these areas.

Highlights of EMVL 2023 include:

- International Conference on Computer Science and Software Engineering (CSSE 2023)
- International Conference on Managing Value, Supply Chains and Public Sector Information Technology (MVSCIT 2023)
- International Conference on Security & Applications (SECURA 2023)
- International Conference on Artificial Intelligence and IoT (AIIoT 2023)
- International Conference on Education & Technology (EDUT 2023)
- International Conference on NLP & Signal Processing (NLPSIG 2023)
